640/840

EVS LED Element for KombiSIGN 70 and 71

- Attention-grabbing flickering light
- Developed on a neurobiological basis
- Extremely powerful signal effect
- Random sequence of light signals prevents acclimatisation effect
- For signalling extremely hazardous situations and the need for immediate action

Page 63 + 47

640/840

Foldaway Base for KombiSIGN 50, 70 and 71

- The signal tower can be folded away while still connected
- Minimises packaging costs and optimises machine transportation
- Simple mounting and cable entry - for up to Ø 14 mm
- Vertical alignment of signal towers even on sloping surfaces
- Positioning in 7.5° steps - markings for 30, 45, 60 or 90 degrees

Page 73 + 64 + 48

690

VarioSIGN

- Innovative signal tower with unique functions and a range of advantages
- Mechanical modularity of the three tiers replaced by electronic modularity
- Colours and light effects, depending on the variant, can be individually set via DIP switch and changed at any time
- Light effect visible from one or two sides as required
- With optional integrated, high output buzzer

Page 78

839**LED Permanent Beacon**

- Robust aluminium housing including wire guard
- Saltwater-proof
- DC multi-voltage version
- Life duration up to 50,000 hrs

Page 134**839****LED Rotating Beacon**

- Robust aluminium housing including wire guard
- Wear-free thanks to the absence of any moving mechanical components
- Saltwater-proof
- Intensive rotating signal effect with low power consumption

Page 135**839****Double Flash Beacon**

- Robust aluminium housing including wire guard
- Saltwater-proof
- High flash power from two consecutive flashes

Page 133

New Products

839

Rotating Mirror Beacon

- Robust aluminium housing including wire guard
- Extreme durability thanks to low wear belt drive
- Saltwater-proof
- Extremely quiet
- Mounting and connection without the need to disassemble the mechanism

Page 136

890

LED Beacon/LED Traffic Light in new housing

- LED Beacon for traffic light combinations with new housing material
- New fixing bow for simple mounting
- Modern appearance thanks to appealing grey tone

Page 148

890

Permanent/Traffic Light Beacon in new housing

- Permanent Beacon for traffic light combinations with new housing material
- New fixing bow for simple mounting
- Modern appearance thanks to appealing grey tone

Page 146

890

New Fixing Bow for 890 Beacons

- Beacon/Traffic Light can be completely pre-mounted on the fixing bow and connected before attachment
- Easy mounting in just a few steps
- Variable attachment options
- High protection rating IP 65

Page 149

894

LED Traffic Light

- High visibility LED Traffic Light in an innovative design
- Clear signalling even in direct sunlight thanks to clear lenses
- Simple mounting thanks to integrated mounting bracket
- Very good sideward visibility

Page 144

894

LED Beacon/LED Traffic Light

- High visibility LED Beacon / Traffic Light in an innovative design
- Colour intensive light effect thanks to LEDs in the same colour as the lenses
- Simple mounting thanks to integrated mounting bracket
- Very good sideward visibility

Page 145

494

LED Traffic Light/Siren Combination

- High visibility LED Traffic Light with integrated siren
- Unmistakable signalling even in direct sunlight thanks to clear lenses
- Sound output of 90 dB
- Simple mounting thanks to integrated mounting bracket
- The optical signal also offers very good sideward visibility

Page 180

494

LED Beacon/Siren Combination

- High visibility LED Beacon with integrated siren
- Colour intensive light effect thanks to LEDs in the same colour as the lenses
- Sound output of 90 dB
- Simple mounting thanks to integrated mounting bracket
- The optical signal also offers very good sideward visibility

New Products

444

LED Double Flash/Multi-Tone Sounder Combination

- Multi-Tone Sounder in combination with LED Double Flash
- Sound output adjustable up to 110 dB
- 32 tones for a diverse range of applications
- 3 tones can be triggered externally
- Optical and audible signal can be triggered separately

Page 178

439

Flash/Multi-Tone Sounder Combination

- Multi-Tone Sounder in combination with Xenon Flash
- 32 tones for a diverse range of applications
- Sound output adjustable up to 105 dB
- 2 tones can be triggered externally
- Optical and audible signal can be triggered separately

Page 174
